HEALTHY SUPPLEMENTS & FOOD FOR WINTER BLUES, MOODS & MORE

Dr. Brenna Jacks, ND, 11/2010 Alive Magazine has some excellent suggestions for supplements and food to improve the above condition. Does your mood improve after you eat a proper, balanced meal? This is due to the influx of vitamins and minerals your brain needs to make you feel good. If your lifestyle doesn't allow you to eat as healthy as you wish, there are some supplements especially helpful to beat the winter blues. Vitamin D deficiency is linked to lower moods and an increased risk of depression. Research on Vitamin D to improve mood is still underway, but it seems like a safe treatment and is cost-effective. Cod Liver Oil contains high Vitamin D levels. Vitamin D supplements in pill or liquid is readily available. When D is low, your calcium levels also may suffer since vitamin D is required for calcium absorption. Another mood enhancer is 5-hydroxytryptophan (5HTP). It's a precursor to serotonin, a responsible for balancing mood, sleep and hunger. To elevate serotonin levels, 5HTP supplementation is an option. Consult your health practitioner for a proper dose and to avoid potential drug interactions. Adding whole grains and nuts to your diet also boosts your serotonin. Omega-3 oils have also been found to support healthy mood and thought patterns. Recent studies found that EPA in fish oil must be present to help elevate mood, not just DHA. Omega-3 oils are found in salmon, mackerel, herring, sardines & walnuts. B complex vitamins are important to regulate the nervous system and for mental and emotional well-being. Good winter foods high in B vitamins include oats, beef, turkey, potatoes and legumes. All supplements mention above are all featured in this flyer.

BEYOND BONE HEALTH!

Certified Organic Vitamin D3 Liquid - 500 Servings of 1,000IU! New research is revealing that Vitamin D is not just for bone health. It plays critical roles in "health of the brain and nerves, the cardiovascular and immune systems, and in pregnancy and child development. Virtually every cell in the human body has receptors for Vitamin D because it is not just a vitamin, it is also a hormone that affects cellular production of important proteins and peptides and regulates many genes, including those involved in cancer." (NF article). Although we can get Vit D from the sun, there is a deficiency in Vit D because many people now avoid exposure to sunshine due to risk of skin damage from UV rays. In Canada, far from the equator, the sun is not strong enough to stimulate Vit D production from September to mid May leaving us susceptible to increased incidence and severity of colds, flus, and infections, and increasing risk of degenerative diseases. Those with osteoporosis and depression can definitely benefit from taking this.

Antarctic Superba Krill Oil - 500mg

HIGH IN ASTAXANTHIN & EPA

Krill are small shrimp like crustaceans, and constitute one of the most abundant sources of marine nutrients on earth. The harvesting of krill is regulated by the Commission for the Conservation of Antarctic Marine Living Resources (CCAMLR). Sunforce krill is harvested from the most pristine water on earth, using sustainable and ecologically sound high tech methods. **Krill oil is high in Omega-3 and some research points out that it will reduce cholesterol and lowers LDL more dramatically than fish oil. Another is, krill contains an antioxidant called ASTAXANTHIN. The algae that krill eat produces the bright red pigment astaxanthin.**

Unlike many other antioxidant, astaxanthin crosses the blood-brain barrier, where it could theoretically protect the eye, brain and central nervous from free radical damage. Unlike fish oil, krill doesn't cause fishy burps or an after taste. Not recommended for those with bleeding disorders.

AOR UTI Cleanse (D-Mannose) - Are you plagued with recurring urinary tract infections that antibiotics never seem to completely cure? Or do you hate the idea of subjecting your body to another round of antibiotics? D-Mannose just might be your answer!

RECURRING URINARY TRACT INFECTION?

Every year millions of people (mostly women) suffer with urinary tract infections (UTIs). Nearly 90% of these infections are caused by the bacteria E.coli. Overuse of antibiotics can encourage the mutation of bacteria, creating antibiotic-resistance strains. Good news is **you may never need an antibiotic** for a UTI again! D-Mannose is an all natural product which may prove just as effective as an antibiotic. **It serves as a kind of "magnet" in the urinary tract, attracting any present E. coli bacteria and keeping it from attaching to the bladder lining and dislodging any bacteria which are already attached! The bacteria "cling" to the D-Mannose molecules, and are flushed out with the normal urine flow. Bingo!**

Aerobic Oxygen®

POWER OF OXYGEN

Non-toxic, stabilized electrolytes of oxygen in a molecular form. Oxygen is one of the five elements required to sustain life. Oxygen deficiency is arguably the greatest cause of disease. Oxygen provides life and energy to every cell. Oxygen is not only a life-giver, but also a killer of harmful anaerobic infectious bacteria. Poor diet, sedentary life style, stress, illness, carbon-based fuels, deplete oxygen in our bodies. Many of us are "oxygen-starved" and we are unaware! When our cells are deprived of oxygen, our immune system weakened, we open our bodies to invasion by viruses and other diseases. Many more serious diseases have been helped by taking Aerobic Oxygen. Mountain climbers, skiers, pilots who are in high altitudes can restore normal breathing with Aerobic Oxygen.
